INDOT to Publish Draft Statewide Transportation Improvement Program

Public Comments Sought at INDOT Web Site, Regional Open Houses

INDIANAPOLIS – The Indiana Department of Transportation (INDOT) is seeking public comment on its draft four-year Statewide Transportation Improvement Program (STIP). The Draft STIP will be available for review starting Monday, November 16 on INDOT's Web site, <http://indot.IN.gov>, and at six regional open houses around the state.

The Statewide Transportation Improvement Program is a document required by federal law projecting capital investments involving federal funds and other regionally significant improvements for the next four fiscal years. Funding sources include traditional state and federal tax revenues, and Gov. Mitch Daniels' Major Moves highway program. Federal funding levels are based upon the current federal surface transportation act, SAFETEA-LU, which has been extended through December 18.

INDOT planners will be available to answer one-on-one questions about the Draft STIP and accept public comments any time during six regional open houses. Written comments may also be submitted through INDOT's STIP Web site. Open house locations and hours are listed in local times below:

- **Northeast Indiana:** 1 p.m. to 5 p.m. on Tuesday, November 17 at INDOT's Fort Wayne District Administration Building, 5333 Hatfield Road, Fort Wayne, IN
